

Caring for Our Seniors

MAKING LIFE'S JOURNEY BETTER

No matter which stage of life you are at – getting married, starting a family, caring for elderly parents, looking for a new job or planning for retirement – the right support and assistance can make life's journey a little smoother.

In this series of booklets, you'll find quick tips and a broad overview of government policies and schemes related to life issues like healthcare, housing, transport, lifelong learning and livelihood so that you are better informed to begin the next stage in life, tackle unexpected challenges and discover suitable opportunities to get ahead.

There are three booklets in this series:

- Caring for My Family
- Getting Ahead in My Career
- Caring for Our Seniors

RETIRE WITHOUT WORRY

CPF Contributions by Working Adults

Both employees and employers make monthly CPF contributions.

Employee's Age (years)	Contribution Rates from 1 January 2023 (for monthly wages > \$750)		
	By Employer (% of wage)	By Employee (% of wage)	Total (% of wage)
55 and below	17	20	37
Above 55 to 60	14.5	15	29.5
Above 60 to 65	11	9.5	20.5
Above 65 to 70	8.5	7	15.5
Above 70	7.5	5	12.5

To keep pace with rising salaries, the monthly salary ceiling will be raised from \$6,000 to \$8,000 by 2026. In addition, to continue strengthening the retirement adequacy of senior workers, the CPF contribution rates for employees aged 55 to 70 will be raised by up to 1% each from 1 Jan 2024. Find out more at www.cpf.gov.sg/budget2023

CPF Contributions by Self-Employed Persons (SEPs)

- Self-Employed Scheme encourages SEPs to save for retirement and healthcare needs, in the absence of regular MediSave contributions from an employer.
- All SEPs who earn an annual Net Trade Income of more than \$6,000 need to contribute to MediSave.
- Besides making mandatory MediSave contributions, SEPs can also grow their CPF savings through:
 - Making cash top-ups to MediSave or all three CPF accounts.
 - Depending on age,
 - i) Transferring Ordinary Account (OA) savings to Special Account (SA) or Retirement Account (RA)
 - ii) Making cash top-ups to SA or RA
- SEPs can also enjoy tax relief on their mandatory or voluntary CPF contributions based on their net trade income.

* CPF interest rates are reviewed periodically. Find out more at www.cpf.gov.sg/interestrate.

What can I do with my CPF savings upon my retirement?

Rest assured, you will receive monthly payouts no matter how long you live through CPF LIFE.

CPF Savings

- Enjoy attractive interest rates to help boost your retirement savings.
- If you are under 55 years old, your first \$60,000 combined CPF savings earn an additional 1% interest (capped at \$20,000 for OA).
- If you are over 55 years old, you earn an extra 2% interest on the first \$30,000 of your combined balances (capped at \$20,000 for OA), and an extra 1% on the next \$30,000.

CPF: 1800 227 1188 
www.cpf.gov.sg 

Supplementary Retirement Scheme (SRS)

- Voluntary scheme to encourage individuals to save for retirement, over and above their CPF savings.
- Contributions to SRS are eligible for tax relief.

IRAS: 1800 356 8300 
www.iras.gov.sg 

Creation of your Retirement Account (RA) when you turn age 55

- Savings from your Special Account and Ordinary Account will be transferred to your RA, up to your Full Retirement Sum.

CPF LIFE

CPF Lifelong Income For The Elderly (CPF LIFE) is a national longevity insurance annuity scheme that provides you with monthly payouts no matter how long you live.

- The retirement sum that you set aside in your RA will be used to provide you with monthly payouts from your payout eligibility age.
- If you are not on CPF LIFE, you can join CPF LIFE any time from 65 to one month before you turn 80.
- You can choose from 3 plans which will provide you with monthly payouts no matter how long you live i.e. Escalating, Standard, and Basic.
- The plans differ in terms of the monthly payouts you would receive.

Choose a CPF LIFE Plan that most supports the retirement lifestyle you want:

	Escalating Plan (protection against rising cost of living)	Standard Plan (default)	Basic Plan (Legacy option)
Monthly Payouts	<p>Monthly payouts that start lower but increase by 2% yearly</p> 	<p>Payouts remain the same</p> 	<p>Payouts that start low and will get progressively lower later on*</p> 

When you pass on, any CPF LIFE premium balance with remaining CPF savings in other accounts will be given to your beneficiaries. CPF is meant for your own retirement needs and should not be used as a means to leave behind a bequest for your beneficiaries. For legacy planning, you should look at other options.

* The Basic Plan monthly payouts will reduce gradually when your combined CPF balances (including unused CPF LIFE annuity premiums), fall below \$60,000. This is due to less extra interest earned.

Note: For all CPF LIFE plans, payouts may be adjusted to account for long-term changes in interest rates or life expectancy. Such adjustments (if any) are expected to be small and gradual.

With technology and healthcare becoming more advanced, we're likely to live longer. **CPF LIFE** ensures that we will receive a monthly income for as long as we live, to retire worry-free about outliving our savings. Save more to get more!

How much to save and how much do you get?

- The Basic Retirement Sum (BRS), Full Retirement Sum (FRS) and Enhanced Retirement Sum (ERS) serve as benchmarks in helping you set aside savings for your desired retirement payouts.

For those turning 55 in 2023

Payouts are estimates based on CPF LIFE Standard Plan computed as of 2023.

Your monthly payouts depend on the retirement sum you set aside in RA.

Basic Retirement Sum (BRS) - The BRS is meant to provide you with monthly payouts in retirement to cover basic living needs, excluding rental expenses.

Full Retirement Sum (FRS) – The FRS provides you with higher monthly payouts that also cover rental expenses.

Enhanced Retirement Sum (ERS) – The ERS provides you with even higher payouts for your desired retirement lifestyle, and you can choose to set aside more by making a top-up up to the current ERS.

The retirement sums applicable to members turning age 55 in 2023 to 2025 are indicated below to help you better plan for your retirement.

	Age 55 in 2023	Age 55 in 2024	Age 55 in 2025
Basic Retirement Sum	\$99,400	\$102,900	\$106,500
Estimated Monthly Payouts from Age 65	\$870	\$900	\$930
Full Retirement Sum	\$198,800	\$205,800	\$213,000
Estimated Monthly Payouts from Age 65	\$1,620	\$1,670	\$1,730
Enhanced Retirement Sum	\$298,200	\$308,700	\$319,500
Estimated Monthly Payouts from Age 65	\$2,370	\$2,450	\$2,530

Monthly Payouts are estimates based on starting payouts with the CPF LIFE Standard Plan at 65 computed as of 2023.

CPF: 1800 227 1188 
www.cpf.gov.sg 

Option to start payouts later

- If you are still working or have other sources of income, you may choose to hold back your payouts until age 70.
- For each year you defer, your payouts will increase by 7%. This means if you choose to defer until age 70, your payouts will increase by up to 35%.

Flexibility to withdraw some CPF savings

- From age 55, you may withdraw at least \$5,000 or any amount in excess after setting aside the FRS for immediate retirement needs.
- If you own a property in Singapore with a lease that lasts you up to at least age 95, you may withdraw any amount above the BRS.
- If you have no immediate needs, you can consider leaving your savings in your accounts to earn attractive interest rates of up to 6% per year.
- If you are born in 1958 or after, you can choose to withdraw up to 20% of your RA balances (which includes the first \$5,000 that you can withdraw when you turn 55) from your payout eligibility age of 65. However, this will reduce your monthly payouts.

Matched Retirement Savings Scheme (MRSS)

- MRSS is meant to help Singaporeans aged between 55 and 70 with lower retirement savings to save more for their retirement.
- Eligible seniors will receive dollar-for-dollar matching grant from the Government for any cash top-ups made to their RA, up to an annual cap of \$600 from 2021 to 2025.
- Check if you are eligible at www.cpf.gov.sg/MRSSchecker.

Basic Healthcare Sum (BHS) in MediSave Account

BHS is the estimated amount of MediSave savings a CPF member needs for basic subsidised healthcare expenses in old age.

- The prevailing BHS for members turning 65 in 2023, is \$68,500.
- For CPF members below age 65, the BHS will be adjusted annually to keep pace with the expected growth in MediSave use by the elderly.
- The following table summarises the BHS for respective cohorts aged 65 and above in 2023.

Age in 2023	Year when cohort turned age 65	Cohort BHS (fixed for life)
65	2023	\$68,500
66	2022	\$66,000
67	2021	\$63,000
68	2020	\$60,000
69	2019	\$57,200
70	2018	\$54,500
71	2017	\$52,000
72 and above	2016 or earlier	\$49,800

Providing Affordable Healthcare Pg 19 - 30

Can I afford
healthcare?

Definitely! This section gives you an overview of how the government keeps healthcare affordable in Singapore:

- Healthier SG
- CHAS
- MediShield Life
- CareShield Life

IN THE PINK OF HEALTH

Providing affordable healthcare

Can we afford to pay for our **healthcare** needs?

Don't worry, there are many schemes to help with your healthcare costs!

Healthier SG

Start your Healthier SG journey to lead a healthier lifestyle, detect health issues early, and manage existing conditions with a family doctor who knows you well.

Singapore Residents aged 60 years and above will be progressively invited via SMS to enrol.

From July 2023:

- Create a personalised Health Plan with your family doctor for a healthy lifestyle, regular health screenings and vaccinations
- Earn \$20 worth of Healthpoints after your first Health Plan consultation
- Get fully-subsidised nationally-recommended screenings and vaccinations (for Singapore Citizens)
 - Full list of screenings: [go.gov.sg/rec-screenings-list](https://www.go.gov.sg/rec-screenings-list)
 - Full list of vaccinations: [go.gov.sg/rec-vaccines-list](https://www.go.gov.sg/rec-vaccines-list)

From early 2024:

- Healthier SG Chronic Tier: CHAS, Merdeka and Pioneer Generation patients with high medication needs can get common chronic drugs from their enrolled HSG GP at prices comparable to polyclinics
- Use MediSave without cash co-payment for treatment of chronic conditions

More information on Healthier SG can be found here: www.healthiersg.gov.sg

National Adult Immunisation Schedule

- Singaporeans aged 65 years and above (by birth date) are recommended to take Flu vaccinations and Pneumococcal vaccinations under the National Adult Immunisation Schedule (NAIS). These vaccinations are available at Community Health Assist Scheme (CHAS) General Practitioner (GP) clinics and polyclinics, with subsidies available for eligible Singaporeans. MediSave can also be used to further offset out-of-pocket expenses of the recommended vaccinations.
- For eligible Healthier SG (HSG)-enrolled Singapore Citizens, these vaccinations under the NAIS will be fully subsidised at their enrolled HSG clinic.

More information on the subsidies available can be found here: go.gov.sg/vcdss

Pioneer Generation Package (PGP)

The PGP helps Pioneers* with their healthcare costs for life. These are the benefits in the PGP:

- Additional Subsidies for Outpatient Care
 - Pioneers receive an additional 50% off their remaining bill for subsidised services and medications at polyclinics and public Specialist Outpatient Clinics (SOCs). All Pioneers will also enjoy special subsidies at participating CHAS clinics.
- MediSave Top-Ups
 - Pioneers will receive \$250-\$900 a year in MediSave top-ups (depending on year of birth) for life.
 - Older Pioneers (born 1939 and earlier) who have serious pre-existing conditions and need to pay higher MediShield Life premiums will also receive a one-off MediSave top-up of \$50 to \$200 per year from 2021 to 2025.
- MediShield Life Premium Subsidies
 - Pioneers receive special subsidies of up to 60% and MediSave top-ups (\$250-\$900), depending on age.
 - Overall, pioneers (born in 1934 and earlier) will have their MediShield Life premiums fully covered by the special subsidies and MediSave top-ups, while younger Pioneers (born in 1935 to 1949) will have about two-thirds of their MediShield Life premiums covered.
- Additional CareShield Life Participation Incentive
 - Additional \$1,500 participation incentive for Pioneers who join CareShield Life. Together with the \$2,500 participation incentive (i.e. total \$4,000), this will be spread over ten years and used to offset annual CareShield Life premiums, if they join CareShield Life by 31 December 2023.

- Disability Assistance Scheme
 - Pioneers who permanently need assistance in at least three activities of daily living[^] will receive lifelong cash assistance of \$100 per month.

** If you are born on or before 31 Dec 1949 and became a Singapore Citizen on or before 31 Dec 1986.*

[^]Eating, bathing, dressing, transferring, toileting, walking or moving around.

Merdeka Generation Package (MGP)

The MGP supports the aspirations of MG seniors* in their silver years by helping them to stay active and healthy and providing them better peace of mind over future healthcare costs. There are five key benefits in the MGP:

- PAssion Silver Card Top-Up
 - All MG seniors receive a one-time \$100 top-up to their PAssion Silver cards.
- MediSave Top-Ups
 - MG seniors receive \$200 MediSave top-ups every year from 2019 to 2023 for healthcare needs.
- Additional Subsidies for Outpatient Care
 - MG seniors enjoy an additional 25% off their remaining bill for subsidised services and medications at polyclinics and public Specialist Outpatient Clinics (SOCs). All MG seniors will also enjoy special subsidies at CHAS clinics.
- Additional CareShield Life Participation Incentive
 - Additional \$1,500 participation incentive for MG seniors who join CareShield Life. Together with the \$2,500 participation incentive (i.e. total \$4,000), this will be spread over ten years and used to offset annual CareShield Life premiums, if they join CareShield Life by 31 December 2023.
- Additional Premium Subsidies for MediShield Life
 - MG seniors receive an additional subsidy of 5% for their annual MediShield Life premiums. This will increase to 10% after they reach 75 years of age.

** If you are born from 1 January 1950 to 31 December 1959, and became a Singapore citizen on or before 31 December 1996. Also extended to seniors who were born on or before 31 December 1949, became Singapore citizens on or before 31 December 1996; and do not receive the PGP.*

Live Near Your Loved Ones

Pg 31 - 33

Home is where the heart is.
How can we live with or near our adult children?

You can now live near your loved ones through these schemes!

- Multi-Generation Priority Scheme
- Proximity Housing Grant

HOME AND FAMILY

Live closer to your loved ones

Seniors who wish to age-in-place in a familiar environment or live near their families are able to apply for the following:

Multi-Generation Priority Scheme

- Priority allocation to married children and their parents when they jointly apply for flats in the same BTO project.

2-room Flexi Flat Scheme (Short-Lease)

- Seniors aged 55 and above, with average gross monthly household incomes of up to \$14,000, can apply for short lease 2-room Flexi flats.
- Depending on your age and needs, you may take a lease of between 15 and 45 years.

Senior Priority Scheme

- Seniors will be considered for the scheme if:
 - Applying for a 2-room Flexi flat that is located within 4km of their current flat or owner-occupied private property.
 - Applying to live with their parents/married child.
 - Applying for a flat where the nearest block is within 4km from a HDB flat or private residential property that their parent/married child lives in.

Proximity Housing Grant

- Families receive a grant of \$30,000 if they buy a resale flat to live with their parents or children. Families receive \$20,000 if they buy a resale flat within 4km of their parents or children.
