

INDUCTION FOR PEOPLE'S ASSOCIATION NEW GRASSROOTS LEADERS (IPNGL)

The National Community Leadership Institute (NACLI) warmly welcomes you onboard our Grassroots Community!

NACLI is the capability development arm of the People's Association (PA). Anchored on its Community LEAD framework, the Institute provides targeted, timely and relevant training to equip grassroots leaders (GRLs) with core competencies to perform their role in serving the community effectively.

The Induction for PA New Grassroots Leaders (IPNGL) is co-organised in virtual or face-to-face modality with the respective Group Constituency Directors' Offices (GCDOs) at the Group Representative Constituency (GRC) level. The IPNGL is a blended learning programme consisting of a 10-minute bite-sized pre-learning package followed by a 90-minute virtual session or a 2-hour face-to-face session specially designed for newly appointed GRLs. The bite-sized e-learning course will be made available upon your successful registration for IPNGL at your respective GRCs.

The IPNGL provides new GRLs with:

- an overview of the PA and its Grassroots Organisations (GROs);
- an understanding of the values, roles and responsibilities of a GRL; and
- an opportunity to meet fellow GRLs, dialogue with your local grassroots adviser, experienced GRLs and PA senior officers.

A representative from the GCDO will reach out to you to invite you to attend the virtual or face-to-face IPNGL session. We look forward to meeting you at the IPNGL.
