Happy Teacher's Day!

On this special occasion, we would like to express our heartfelt appreciation for your passion in sharing your knowledge with the community. Here are some of the compliments received by trainers this year:

A dedicated teacher who goes the extra mile to ensure her students have a good lesson, gives detailed and direct suggestions to students in improving their ballet moves and skills. She does her utmost to help students progress in their ballet journey and provides them with opportunities to showcase themselves.

The teacher always takes care of each student like her own child. Throughout these two years, she has organised so many activities that my kids enjoyed. Sometimes, they do not even want to come home from school.

My daughter has been attending her school holiday clay classes for several years now and the teacher never fails to include creative themes as well as innovative ideas every time. My daughter always has a lot of fun.

A highly motivated teacher who has the ability to design Yoga movements for all ages. As an individual, she is helpful, patient and always has a smile for everyone.

Your commitment in building friendships and bonding the community through courses has made a difference in the community. Happy Teacher's Day to all PA Trainers!
